

EHPSA FOR ALL

We Empower Our Members Most!

Lead by Example Inspire With Action

EHPSA COMMUNITIES

EHPSA community is a National Strategic structure which is initially designed to increase members active participation and impact of EHPSA in the community.

A community to:

Build Soft skill

Get certificate

Advance our CV

Interact with well known national and international initiatives

Access to High level Trainings

Value the community

MEET OUR

SIX COMMUNITIES

PUBLIC HEALTH AND CHARITY

1

Building trust, enlisting new resources and allies, creating better communication, and ultimately improving overall health outcomes

PERSONAL DEVELOPMENT

increased motivation, access to resources,
and the opportunity to learn from diverse
perspectives. It fosters a sense of belonging
and can significantly impact one's personal
and professional growth

QUALITY EDUCATION

Improve the system, work on E-learning, support juniors, mentorship from junior, improved learning outcomes, and better management of educational challenges

3

LEADERSHIP AND POLICY MAKING

Increase the likelihood that solutions will be widely accepted, create more effective solutions by drawing on local knowledge, improve problem-solving skills, empower diverse groups, and build trust.

ENTREPRENEURSHIP AND CARRIER DEVELOPMENT

5

Provide mentorship, training, and financial assistance to budding entrepreneurs in underserved communities.

Lead to networking opportunities, support, resource access, collaboration & innovation.

HIGH SCHOOL SUPPORT

6

Enhance academic engagement, increase long-term life success, encourage students to pursue advanced programs, and reduce school dropout rates
